

Zhang Shunchang

University: Institute of Software, Chinese Academy of Sciences.
Major: Computer Science
Mobile: 13810395633
Email: freebsd13@gmail.com
Homepage: <http://www.cipsc.org.cn/~zsc>
Address: No.5 building 12F, Institute of Software, Chinese Academy of Sciences, 4# South Fourth Street, ZhongGuanCun, Beijing 100190, P.R. CHINA

Education:

2006/09—2009/07 Institute of Software, Chinese Academy of Sciences GPA: 3.4/4
Research interests: Natural Language Processing, Machine Translation, Information Retrieval, Machine Learning
2002/09—2006/09 Dalian Maritime University GPA: top 5%
Graduation project: The design and practice of C-minus compiler

Project Experience:

2008/08 Make Evolution use Seahorse widgets for encryption and key selection
An opensource project for GNOME organization in Google Summer code 2008, which is a worldwide programming activity sponsored by Google.
2007/08 The persistent database connection plugin for SpamAssassin
An opensource project for Apache Software Foundation in Google Summer Code 2007, there are only 22 students accepted in China that summer.
2007/04 QA system of railway tickets based on rules plus statistics.
This system can accept natural language sentence as a query, and then it outputs the answer after some analysis according to the railway tickets data in the database.
2006/08 A FTP file search engine based on Linux and C.
The crawler can grab and update the directory information of about 500 FTP servers in the education networks in China. I designed a special compact index structure to store the and sorted the output result by the distance of IP.

Internship:

2007/10---2008/05 Red Flag Linux Software, Inc. Midinux group
Maintain and update the Midinux 2.0 platform of Redflag; design and modify the GUI based on the hardware requirements, such as the instant message client(pidgin), contacts and email client(sylpheed); port and hack some system applications, such as language, time settings; and some I18N works.

Society Activities:

2004/10-2005/10 youth.dlmu.edu.cn CEO
Which is a website sponsored all by students, and is organized as a simulated company. I acted as the CEO and in charge of market, personnel and technique departments. The number of accounts increases by 50% and ads income by 30% than before.

Awards & Certificates:

2008/02 Scholarship of CAS First class
2005/05 MCM of USA Honorable
2004/11 MCM of China Outstanding
2002/11 Contest of computer Outstanding

Language skills:

English skilled (CET6)

Hobbies:

Walking, Chinese chess, handwriting, skating, badminton, Wii, Perl.
